ANIMESH PRAKASH

FULL-STACK WEB DEVELOPER AND PROGRAMMER

animeshp1607@gmail.com | +919871752660 | https://github.com/Animesh-Prakash

SUMMARY

Dedicated Full-Stack Developer with expertise in the MERN stack and a strong foundation in Data Structures and Algorithms. Proficient in building scalable, user-friendly web applications, and currently expanding skills in Java. Committed to optimizing performance and solving complex problems through efficient coding practices.

EDUCATION

Diploma in Computer Science   **Aug 2023 - June 2026**

Guru Nanak Dev DSEU Rohini Campus

- Emphasizes a hands-on approach to learning, preparing students for successful careers in technology.

Class 10th   **April 2022 - March 2023**

Kendriya Vidyalaya Shalimar Bagh

- Achieved a percentage of 87% in Class 10th, developing a strong academic foundation.

SKILLS

- **Web Development:** HTML, CSS, JavaScript, React, Tailwind CSS
- **Backend Development:** Node.js, Express, MongoDB
- **Programming Languages:** C, C++, Java
- **Version Control:** Git, GitHub
- **Data Structures and Algorithms**

PROJECTS

BrainHaven

- Technologies Used: MERN Stack, Tailwind CSS, Cloudinary.
- A platform offering coding resources, roadmaps, hackathon tools, and a Hackmate feature, fostering collaboration and growth within the tech community.

Personal Portfolio Website

- Technologies Used: HTML, CSS, JavaScript
- Designed to showcase skills, projects, and achievements, serving as a professional introduction to development work.

Library Management System

- Technologies Used: C
- A comprehensive project designed to efficiently manage library operations, simplifying common library functions and providing an intuitive interface for users.

ACHIEVEMENTS

Secured 3rd position in CBS Codefest 1.0 at SSCBS, showcasing strong programming and problem-solving abilities.

Certificate
